

# PEOPLE UNDERESTIMATE THEIR CHANCES OF FALLING SERIOUSLY ILL..

Source: Coyne 2017

**3  
times**

More likely to have a serious illness than to die before 65

**Just  
13%**

Have Income Protection

**Almost  
1  
in 2**

Has no cover at all - not even life insurance!

**Mortgage cover protects your home loan: but how will your family cope financially should you fall ill or worse?**

**There's a lot more to life insurance than paying claims when people die.**

**In fact, the majority of the claims paid out are for living**

**benefits – such as lump sums for specified illnesses, and regular payments if you can't work due to an accident or illness..**
