

VIDEO CONFERENCING SOFTWARE KEY FEATURES

THIS IS NOT A CUSTOMER DOCUMENT AND IS INTENDED FOR FINANCIAL BROKERS ONLY

The marketplace offers multiple software solutions that enable you to video conference with colleagues and clients. Many of these solutions do similar things though, depending on your circumstances, some may suit better than others.

The main requirements tend to be:

- Chat
- Video conferencing
- Screen sharing

We've looked at a number of providers - though this is by no means a comprehensive list - and outlined the key features of each and their pricing structure.
